

Player Age Group Waiver

All players are expected to play in their 2-year age division as determined by birth date. Requests for any exceptions must be submitted to the BCYSL board for consideration. No roster including an "under age" player will be signed without an accompanying approved/signed age group waiver.

Playing Up Guidelines

A player will only be permitted to register for a team in the next older age division after providing written consent of the player's legal guardian and the Club Coordinator of the member organization with which the player is registered with Mass Youth Soccer.

Minimum U10 Age Requirement

No player, regardless of ability, whose 7th birthday falls after July 31st prior to the start of the upcoming fall or spring seasons, may register for a U10 team.

Player's Date of Birth _____

Player's School _____ Player's Grade _____

Grounds for Waiver

All waivers must be approved by the BCYSL Board. There are only three circumstances under which a waiver will be considered.

- The club does not have enough players to field a team in the older age group without the participation of the player.
- The player is being placed on a team with his or her classmates.
- The player's skills justify the placement.

Our club has executed due diligence in an effort to confirm that the indicated grounds for a waiver are accurate as applied to the above named player and we support this waiver request.
